MINNESOTA CORONAVIRUS CASES SKYROCKET

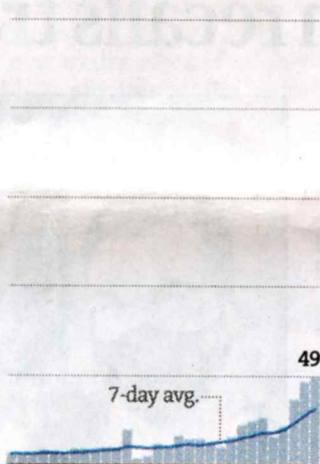

More than a quarter-million Minnesotans have tested positive for COVID-19, with more than 40% of cases occurring in just the past three weeks. Nearly 700 Minnesotans have died from the virus in November alone, pushing the COVID-19 death toll here to 3,150. Hospitalizations are soaring, and about 80% of the state's ICU beds are occupied. **A8**
