Recent Presidential Elections
(Candidates over 1,000,000 Votes)
While impossible to give a precise number, it seems a reasonable inference that one-third of those eligible to vote do not vote at all.

Data Source. Nat'l: Wikipedia; Minnesota: Secy of State

2016 – 136,669,276 voters
Trump – 62,984,828 (46.09%; 304/306(?) Electoral)
